

Here's How to Make Flash Cards:

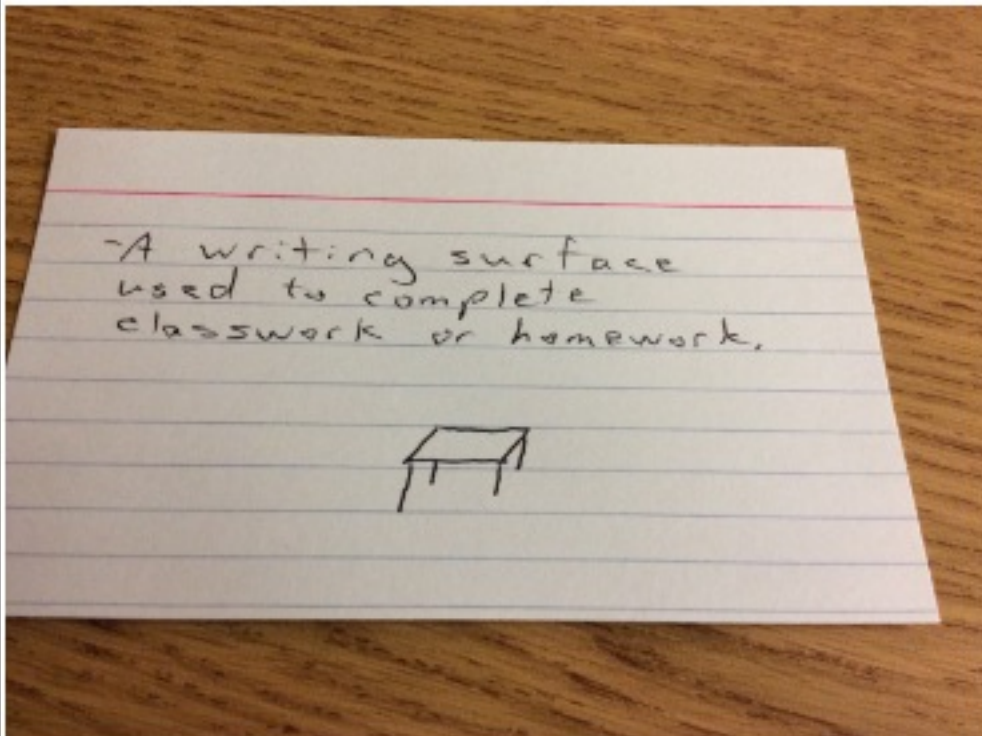

1. You will need some 3"x5" cards or a sheet of paper folded and cut into 8 pieces.

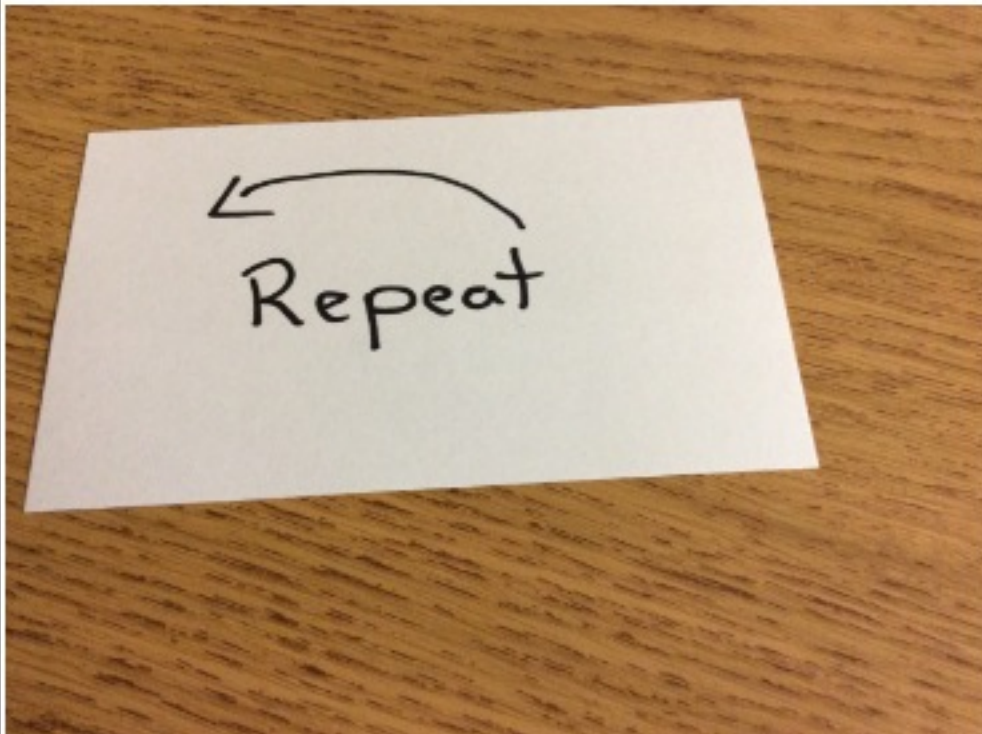

**2. On the front of the flash card:
Write the Vocabulary word large, neat,
and in the center. On the top right
corner, put your name, period and
seat number.**

**3. On the reverse side, write the
textbook definition and a visual.**

**4. Repeat this process for every
vocabulary word.**

5. Paperclip the cards together.
